

# Owais Khan

## Student Of Law

I am a law student with experience across diverse areas, including AI and law, income tax law, legal internship, and social work at university level. Coming from an underdeveloped area, I supported students in navigating university admissions. These experiences have helped me develop a practical approach to problem-solving, communication, and teamwork. I enjoy understanding both legal and real-world aspects of work and applying them effectively. I am eager to learn, grow, and contribute in a professional environment.
